Author index of volume 65

Agnon, Y., A. Golan and M. Shearer, Nonparametric, nonlinear, short-term forecasting: theory and evidence for nonlinearities in the commodity markets 293
Albert, M., Bayesian learning when chaos looms large 1
Andersson, M.K., B. Eklund and J. Lyhagen, A simple linear time series model with misleading nonlinear properties 281
Andersson, M.K. and M.P. Gredenhoff, On the maximum likelihood cointegration procedure under a fractional equilibrium error 143
Arestis, P. and I. Biefang-Frisancho Mariscal, Unit roots and structural breaks in OECD unemployment 149

Baye, M.R. and J. Morgan, A folk theorem for one-shot Bertrand games 59
Biefang-Frisancho Mariscal, I., *see* P. Arestis 149
Blackaby, D.H., P.D. Murphy and N.C. O'Leary, The payment of public sector workers in the UK: reconciliation with North American findings 239
Bloch, F. and E. Lefebvre, Corporate tax competition, tariffs and multinational firms 221
Bosch-Domènech, A. and J. Silvestre, Does risk aversion or attraction depend on income? An experiment 265

Calvó-Armengol, A., A note on three-player noncooperative bargaining with restricted pairwise meetings 47
Casals, J., S. Sotoca and M. Jerez, A fast and stable method to compute the likelihood of time invariant state-space models 329
Christou, C. and N. Pittis, Forward versus reverse regression and cointegration 157
Crook, J., Who is discouraged from applying for credit? 165

D'Antoni, M., Piecewise linear tax functions, progressivity, and the principle of equal sacrifice 191
de la Croix, D. and O. Licandro, Life expectancy and endogenous growth 255
Dennis, R., Discretionary monetary policy with costly inflation 91

Ejarque, J., Variable capital utilization and investment shocks 199
Eklund, B., *see* M.K. Andersson 281
Engelbrecht-Wiggans, R., An example of multi-unit auctions with atypically many equilibria 67
Epstein, G.S., H. Rapoport and A. Weiss, Drug addiction and the economic rationalization of gun control 55
Esö, P. and G. Futó, Auction design with a risk averse seller 71

Faure-Grimaud, A. and T. Mariotti, Optimal debt contracts and the single-crossing condition 85
Fox, K.J., Efficiency at different levels of aggregation: public vs. private sector firms 173
Futó, G., *see* P. Esö 71

Garella, P.G. and L. Lambertini, Good vs. bad characteristics in vertical differentiation 245
Golan, A., *see* Y. Agnon 293
Gredenhoff, M.P., *see* M.K. Andersson 143
Guo, J.-T., Multiple equilibria and progressive taxation of labor income 97

Hammitt, J.K., *see* J.-T. Liu 121
Hansson, J., Calculation of aggregate demand and supply disturbances from a common trends model 309
Hartwick, J.M., Insuring and $u'''(y)$ 205
Hennessy, D.A., Capacity choice in a two-stage problem under uncertainty 177
Herbertsson, T.T. and G. Zoega, Trade surpluses and life-cycle saving behaviour 227
Horioka, C.Y. and M. Okui, A U.S.–Japan comparison of the importance and determinants of retirement saving 365

Elsevier Science S.A.
PII: S0165-1765(99)00234-7

Jain, N. and L.J. Mirman, Insider trading with correlated signals 105
Jefferson, P.N. and F.L. Pryor, On the geography of hate 389
Jerez, M., *see* J. Casals 329
Judson, R.A. and A.L. Owen, Estimating dynamic panel data models: a guide for macroeconomists 9

Kline, J.J. and F.M. Menezes, A simple analysis of the US emission permits auctions 183
Krebs, T., Information and asset prices in complete markets exchange economies 75
Kuan, C.-M., A note on tests for partial parameter instability in the trend stationary model 285

Lahiri, K. and J.G. Song, Testing for normality in a probit model with double selection 33
Lambertini, L., *see* P.G. Garella 245

Category index of volume 65

A General Economics and Teaching

O. Stark, Siblings, strangers, and the surge of altruism (A13)135

C Mathematical and Quantitative Methods

A. Bosch-Domènech and J. Silvestre, Does risk aversion or attraction depend on income? An experiment (C9) 265
M. Pasquini and M. Serva, Multiscale behaviour of volatility autocorrelations in a financial market (C10)275
M. Albert, Bayesian learning when chaos looms large (C11) 1
M.K. Andersson and M.P. Gredenhoff, On the maximum likelihood cointegration procedure under a fractional equilibrium error (C12)143
P. Arestis and I. Biefang-Frisancho Mariscal, Unit roots and structural breaks in OECD unemployment (C12)149
M.K. Andersson, B. Eklund and J. Lyhagen, A simple linear time series model with misleading nonlinear properties (C12)281
C.-M. Kuan, A note on tests for partial parameter instability in the trend stationary model (C12)285
Y. Agnon, A. Golan and M. Shearer, Nonparametric, nonlinear, short-term forecasting: theory and evidence for nonlinearities in the commodity markets (C14)293
C. Christou and N. Pittis, Forward versus reverse regression and cointegration (C22)157
A. Montañés and I. Olloqui, Misspecification of the breaking date in segmented trend variables: effect on the unit root tests (C22)301
R.A. Judson and A.L. Owen, Estimating dynamic panel data models: a guide for macroeconomists (C23) 9
C. Michelini, The estimation of a rank 3 demand system with demographic demand shifters from quasi-unit record data of household consumption (C31) 17
H.R. Moon, A note on fully-modified estimation of seemingly unrelated regressions models with integrated regressors (C32) 25
J. Hansson, Calculation of aggregate demand and supply disturbances from a common trends model (C32)309
K. Lahiri and J.G. Song, Testing for normality in a probit model with double selection (C34) 33
V.E. Lambson, A note on optimal penal codes in stochastic Bertrand supergames (C73) 41
A. Calvó-Armengol, A note on three-player noncooperative bargaining with restricted pairwise meetings (C78) 47
P. Manzini, Strategic bargaining with destructive power (C78)315
M. Willinger and A. Ziegelmeyer, Framing and cooperation in public good games: an experiment with an interior solution (C92)323
J. Casals, S. Sotoca and M. Jerez, A fast and stable method to compute the likelihood of time invariant state-space models (C320)329

D Microeconomics

G.S. Epstein, H. Rapoport and A. Weiss, Drug addiction and the economic rationalization of gun control (D0) 55
W. Lee and J.E. Roemer, Inequality and redistribution revisited (D3) 339
J. Crook, Who is discouraged from applying for credit? (D12)165
K.J. Fox, Efficiency at different levels of aggregation: public vs. private sector firms (D24)173
D.A. Hennessy, Capacity choice in a two-stage problem under uncertainty (D24)177
M.R. Baye and J. Morgan, A folk theorem for one-shot Bertrand games (D43) 59

Elsevier Science S.A.
PII: S0165-1765(99)00235-9

M. Peitz, Equilibrium uniqueness in oligopoly games with strategic complements (D43)347
A. Tasnádi, A two-stage Bertrand–Edgeworth game (D43)353
R. Engelbrecht-Wiggans, An example of multi-unit auctions with atypically many equilibria (D44) 67
P. Esö and G. Futó, Auction design with a risk averse seller (D44) 71
J.J. Kline and F.M. Menezes, A simple analysis of the US emission permits auctions (D44)183
X. Xu, Technological improvements in vaccine efficacy and individual incentive to vaccinate (D62)359
M. D'Antoni, Piecewise linear tax functions, progressivity, and the principle of equal sacrifice (D63)191
T. Krebs, Information and asset prices in complete markets exchange economies (D80) 75
A. Faure-Grimaud and T. Mariotti, Optimal debt contracts and the single-crossing condition (D82) 85
C.Y. Horioka and M. Okui, A U.S.–Japan comparison of the importance and determinants of retirement saving (D91)365

E Macroeconomics and Monetary Economics

J. Ejarque, Variable capital utilization and investment shocks (E12)199
J.M. Hartwick, Insuring and $u'''(y)$ (E21)205
H. Teck Hoon, Intraindustry trade, high-wage jobs, and the wage gap (E24)213
R. Dennis, Discretionary monetary policy with costly inflation (E31) 91
J.-T. Guo, Multiple equilibria and progressive taxation of labor income (E32) 97

F International Economics

F. Bloch and E. Lefebvre, Corporate tax competition, tariffs and multinational firms (F23)221
M. Ravallion, Are poorer states worse at targeting their poor? (F35)373
T.T. Herbertsson and G. Zoega, Trade surpluses and life-cycle saving behaviour (F41)227

G Financial Economics

N. Jain and L.J. Mirman, Insider trading with correlated signals (G14)105
N. Yamori and A. Murakami, Does bank relationship have an economic value? The effect of main bank failure on client firms (G21)115

J Labor and Demographic Economics

D.H. Blackaby, P.D. Murphy and N.C. O'Leary, The payment of public sector workers in the UK: reconciliation with North American findings (J45)239

L Industrial Organization

J.-T. Liu, M.-W. Tsou and J.K. Hammitt, Do small plants grow faster? Evidence from the Taiwan electronics industry (L11)121
P.G. Garella and L. Lambertini, Good vs. bad characteristics in vertical differentiation (L13)245
S.-S. Yi, Market structure and incentives to innovate: the case of Cournot oligopoly (L13)379

O Economic Development, Technological Change, and Growth

N.R.V. Murthy and V. Ukpolo, A test of the conditional convergence hypothesis: econometric evidence from African countries (O11)249
J. Temple, A positive effect of human capital on growth (O15)131
D. de la Croix and O. Licandro, Life expectancy and endogenous growth (O41)255

Q Agricultural and Natural Resource Economics

P.N. Jefferson and F.L. Pryor, On the geography of hate (R12)389
